## Retraction Notice

This article has been retracted by the publisher for the following reasons:

We regret to inform our readers and the scientific community that we are retracting the article titled "**Formulation and evaluation of conditioning safflower oil shampoo**" with the DOI [[doi.org/10.18231/j.ijpp.2023.025](https://doi.org/10.18231/j.ijpp.2023.025)] published in [Indian Journal of Pharmacy and Pharmacology]. A serious conflict of interest was identified, which was not adequately disclosed by the authors during the submission and review process. The undisclosed conflicts have compromised the article's scientific objectivity and impartiality.

Furthermore, it has come to our attention that a similar article, has been published in another journal [**Formulation and development of conditioning safflower oil shampoo bar**] - DOI: [DOI: 10.20959/wjpr20239-28122]. This dual publication of substantially similar research without proper disclosure and permission violates the principles of responsible publication.

We apologize for any inconvenience and potential misinformation this may have caused and remain committed to upholding the highest ethical standards in scientific publishing.
